Nancy Williams
for 2nd Vice President

Team Work at it's Best

Yes!!!! We are running again! We are just getting started!

I have had the privilege of working with Stacey and Nancy for the last six years. They are dedicated and tireless advocates for you, our union members. I know I can count on them to give the membership quality, compassionate and diligent representation on any task they deal with. Their experience negotiating with management to ensure all members of our union get treated fairly and with respect is invaluable. As volunteers, the amount of work they do for our local area is irreplaceable. The three of us have worked extremely well as a team. This great teamwork approach that is delivered to the members daily is a tremendous asset that is beneficial for all. I know this will continue if Stacey and Nancy are re-elected for another term. I ask you to register for the upcoming election and re-elect both Stacey and Nancy as our first and second Vice Presidents. I wholeheartedly endorse both Stacey and Nancy for reelection.
